Session 1: Behind the Decision: What Really Happens to Your Student's College Application

- Open to 11th-12th grade parents
- Dining Hall

- Brandy Martinez, M.Ed., a Senior Assistant Director for Regional Enrollment at Miami University, will share what really happens after a student submits a college application. Brandy will demystify the college admissions process and what happens after students hit the submit button. This session will provide an inside look at how colleges evaluate applications, including academics, course rigor, activities, essays, context, and other factors that can influence admission decisions. We'll also address common admissions myths and share practical insights to help families better understand and navigate the college admissions process.

Session 2: A Conversation About Building Sustainable Ambition for Your Student in a High-Pressure World

- Open to 9th-12th grade parents
- Theater
- Nan Wang, an AMFT/APCC psychotherapist at Kinnection Group in Pasadena, will share insights about how our students set meaningful goals and how they pursue them, which often makes the difference in reaching them. Today's students are growing up in a fast, competitive, and uncertain world, surrounded by peers who seem to do it all and constant pressure to keep up. In this session, we'll explore how to support our students in striving from a place of confidence instead of white-knuckling their way through, working toward a shared framework that helps them define success on their own terms and realize their ambitions in a healthy, sustainable way.

Session 3: Finding the Right College Fit for Your Student

- Open to 10th-12th grade parents
- Atrium
- Isaac Cervantes, a Regional Assistant Director at Lehigh University, will share information about how finding the right college is about more than rankings and reputation. Join us for an interactive session exploring the key factors to consider in your college search, from academics and campus culture to affordability and opportunities beyond the classroom. Discover how to identify your priorities, ask meaningful questions, and find a college where you can thrive!

First Quarter Is in the Books! 🎉

Can you believe it? We've officially completed the first quarter of the school year! Congratulations to all our students on reaching this milestone! As we head into Quarter 2, we want to share a few important reminders with our families.

- Quarter Grades vs. Semester Grades: Quarter grades (Q1 and Q3) serve as progress indicators and do not appear on official transcripts. Only semester grades (S1 and S2) are recorded on a student's official transcript.
- First Quarter Report Cards: Families will receive an electronic report card via email next week. The email will include a secure link to access the report card. You can also view your student's report card, along with other academic records, at any time through your PowerSchool Parent Dashboard by selecting Document Library.
- Academic Eligibility: Please remember that academic performance at the end of each grading period (Q1, S1, Q3, and S2) may impact a student's eligibility to participate in extracurricular activities, including athletics, academic teams, and performing arts. We encourage families to review the academic eligibility requirements outlined in the [La Salle Student-Parent Handbook](#).

Questions? If you need assistance accessing your student's report card, please contact Mr. Hou.

As always, thank you for your continued partnership and support! Here's to a great Quarter 2! Go Lancers!

Center for Cultural Perspectives:

Our visiting students and teachers from Florence, Italy are almost here! From October 22 to November 2, 2026, we will welcome our new partner school, Educandato Statale SS. Annunziata from Florence, Italy, to Pasadena for our inaugural exchange.

At this time, we are still seeking 2 families for [Anda](#) and [Alessia](#). If your family is interested in hosting one of them, please contact Ms. Sun. Hosting is a wonderful way to bring another culture into your home and build lasting friendships. In addition, host families will receive 20 hours of La Salle service credit. Thank you for helping us welcome our new friends from Florence!

In addition, the Center is creating a new service-learning program in Loches, France, with our partner school Saint Denis International School. The reciprocal term is to host a French student from 2/6 to 3/4, 2027, who will be on our campus taking courses; in exchange, your student will be able to spend a month in Loches in June 2027 for immersive service-learning. All costs will be waived except the RT airfare + traveler's insurance. If you are interested in knowing more details, please reach out to Ms. Sun at jsun@lasallehs.org or 626-696-4389. Merci!

Homecoming → Coming Home

Homecoming brought together Lancers of today and generations past, reminding us that La Salle is a community you can always come home to. 💙💛

As we celebrate 70 years of excellence, join us at our Open House on Sunday, November 8, from 12–2 PM and see where your own La Salle story could begin.

Sophomore Service

The Class of 2029 took part in their Sophomore Service Day, putting our Lasallian mission into practice by serving others and caring for our community.

From rolling up their sleeves and lending a hand outdoors to working together on various service activities, our sophomores stepped outside the classroom and experienced what it means to Enter to Learn, Leave to Serve.

Sophomore Retreat

The Class of 2029 came together for their Sophomore Retreat, a day focused on reflection, connection, and growth as a class. Through small-group conversations, activities, and moments of reflection, students strengthened their relationships with one another while continuing to explore what it means to live out our Lasallian values.

Designed to foster a sense of belonging and encourage a spirit of service, the retreat is one of the many ways our students are encouraged to grow both individually and as a community.

With students participating in service-learning and other volunteer projects in our community, our Parent Association also provides service and volunteer opportunities for parents and families to get involved both on and off-campus. As a way to manage and coordinate the plethora of events, projects, and programs that require volunteers throughout the year, we utilize Track It Forward as a way to log hours, sign-up for events, and manage your volunteerism. Student-Parent Handbook

[The La Salle College Preparatory Student-Parent Handbook \(the “Handbook”\)](#) is published and shared with members of our school community each year. The handbook provides important information regarding our governing policies, student code of conduct, and other guidelines for our entire school community. We ask that you please review this important resource and email dean@lasallehs.org if you have any questions.

La Salle’s Customization Value

The Customization Value Index (CVI) is La Salle College Preparatory’s data-driven measure of educational value. It compares the level of academic customization and innovation that students experience against the tuition that families invest. In simple terms, it answers the question every parent asks: “How much personalized, high-quality education does my child receive for every tuition dollar?” [Click here to learn more.](#)
